Introduction

Today's multi-culture workplace is getting more and more complex, project dimensions and delay had never been more difficult to achieve. Therefore "Top management" and "leaders" are facing huge challenges and responsibilities. To help overcoming these challenges, we provide high potential talents with the latest theories and examples. Together we will gather the pixels in order to provide the "big picture" and clear the way for the wright answers. This training is scheduled on a base of 5 days seminar: from the 3rd to the 7th of August 2015 in Barcelona, Spain. It includes Interactive workshops, video interviews, and group activities.

Objectives

The aim of this program is to provide participants with the necessary baggage and good practices for understanding and analyzing business/Project financial data and performance. Moreover this program is focused on highly challenging managerial positions and roles to help in providing answers to challenges like communication, delegating, decision making, planning, risk management and many other managerial issues. By participating to this program you will be able to identify weakness points and will learn how to eliminate them. All along this program we will analyze your personal experiences and actual challenges to find the adequate solution for upcoming these obstacles.
