## Introduction

This 5-DAY IFRS learning program has specially been designed to help accountants build the knowledge needed in International Financial Reporting Standards for success in today's global business world. Knowledge of IFRS is now standard entry-level practice for all the finance professionals.

## Objectives

**By the end of this course practitioners shall learn to:**

- Understand IFRS/IAS principles, concepts and knowledge in a commercial setting;
- Assess the standard's commercial impact on your organization and your client's organization;
- Make informed decisions and provide practical advice; and
- Produce and interpret financial statements and information.

## Who Should Attend?

- Accounting and Finance Managers
- Internal and External Auditors
